

# South Gloucestershire's **new SEND Local Offer**

Your source of information on help and support for families and children age 0-25 with special educational needs and disabilities.

Co-produced by

South Glas Parents & Carers

# Have you heard about our new SEND Local Offer in South Gloucestershire?

You may need to find out about Early years and childcare, health, education or social care, a young person preparing for adulthood? You could be worried about your child or want to find out more if they've been diagnosed, for example, with autistic spectrum disorder or dyslexia?

If so, this is your go-to-resource for information, advice and guidance.

Based on user engagement and testing, our SEND Local Offer is a continuous work in progress: please feedback your comments and ideas through the Have your say section. The SEND local offer is part of a new website called '**Find information for adults, children and families**', working together with local partner organisations including parents and carers.
