

Dear Parents,

It has been brought to our attention that the parking surrounding St Michael's Primary School is unacceptable.

The Police have discretion which we have used many times. However, parking on the pavement on corners is unacceptable and is a danger, not only to your children, but to other road users, where poor parking impairs their vision.

Also waiting/parking on yellow ZIG ZAGS is also a hazard, regardless of how quick you are going to be to pick up your children.

I am aware of the rush and pressure placed on you as parents, but it is better to pick up your child late and be safe, than park inconsiderately. The school will not let any harm come to your child if you are running late, they will be safe.

I will increase patrols around the school and will issue tickets for vehicles parked illegally.

Please park legally and safe for your children's sake!

Regards
