Dear Parents,

As many of you will be now educating your child from home, we have moved the location of our home learning pages on our website to make this easier for you to find.

We have created a new page named 'Covid-19 Home Learning'. Clicking directly on this, will take you to a range of generic learning resources and suggested websites. Below this tab, each class has its own learning page. Each week, class teachers will upload a weekly grid with a variety of maths, writing, reading, spelling and topic opportunities. Supporting resources and websites are also available on these pages.

Children were given an exercise book to record their home learning in. If you did not receive one, using any paper you have at home is fine.

We would love to see what the children are getting up to at home and believe the children would enjoy seeing what their peers have been doing too. Use the relevant class teacher's email below to send in photographs of the children completing any of their home learning activities, or of work they produce. We may share these images on the school website or facebook page, so please make it clear in your email if you **do not** wish for these to be shared.

Staff will only be available during normal opening hours, emails received outside of these times will be responded to on their next working day. Please also be aware that some staff will be in school working with children and so it could be a couple of days before a response is received.

We endeavour to keep you regularly updated as we adjust to this new way of educating our children.

Many thanks for your continued support,

Emma Hillocks
